## Your Home

Our entire ethos centres on the word 'home'. It's crucial that Manor Grange feels like home and offers home comforts, unique to each individual. It's why family are welcome at any time, we don't have set visiting hours. It's also why we try to accommodate furniture and personal items to create a familiar, comfortable environment. Our chefs offer a high standard of cuisine, catering to specific requirements and preferences each day. The sense of home is also about the little things, such as choosing where you'd like to eat your meal that day or relaxing with a glass of wine on the terrace.

## Our Care

Our experienced team provide exemplary standards of Nursing and Residential Care, as well as Respite and Dementia Care, in purpose designed accommodation. Our approach is about more than simply meeting care needs: it's about caring for health, wellbeing and interests and the whole person. We're proud to care for each individual with dignity and respect, getting to know each resident, their priorities and preferences to deliver beyond expectation.
